INGENIERÍA Y PROYECTOS SL

COMPREHENSIVE RENOVATIONS

We transform spaces to improve their functionality, aesthetics and comfort, managing every stage of the renovation with technical expertise, coordination and attention to detail.

Scope of Our Services

Property Assessment

Inspection of the existing condition, layout, installations, visible structure, damp issues and functional requirements.

Technical and Functional Proposal

Definition of the layout, materials, finishes, construction solutions and improvements to the space.

Demolition and Dismantling

Controlled removal of existing elements, partitions, finishes, suspended ceilings and obsolete installations.

Internal Installations

Coordination of electrical, plumbing, drainage, heating and cooling, ventilation, lighting and telecommunications systems.

Finishes and Cladding

Installation of flooring, wall tiling, painting, joinery, suspended ceilings, technical furniture and final details.

Quality Control and Handover

Inspection of finishes, testing of installations, final cleaning, documentation and handover to the client.

Our Approach

Functionality

Finishes

Comprehensive Control

How We Deliver the Project

1. Technical Visit
2. Proposal and Design
3. Detailed Estimate
4. Work Planning
5. Phased Execution
6. Handover and Warranty

Comprehensive renovations that transform every space
